Ag Season Commencement

It is encouraging to see the figures for August bouncing back from a relatively quiet, seasonal period, as we prepare for the upcoming Ag season.

Our team are getting ready to help serve your needs, with things already in swing in the Waikato and Taranaki seems like it will be next. In the face of challenges in the forestry sector, we are proud to report steady usage of our Chain Bar Ultimate product.

What's even more remarkable is our collective effort towards sustainability. We've reached a significant milestone by recycling approximately eleven thousand 20-litre containers associated with this product line. Additionally, for our Chain Bar Heavy, we've successfully recycled 700 20-litre containers. At McFall Fuel, environmental responsibility is a key priority. We're thrilled to see our customers wholeheartedly embracing our free recycling service.

Your commitment to sustainability is a testament to the positive change that we can collectively achieve. Thank you for being a vital part of the McFall Fuel community.

The McFall BBQ truck

The Truckie Rest Zone event held on September 6th was a resounding success, thanks in large part to the dedicated efforts of the McFall Fuel team. Gary Rennie, IAG Community Risk Advocate, expressed his heartfelt gratitude to Tony, Mike, Gavin, and the entire McFall Fuel crew for their outstanding work.

Despite challenging weather conditions, our team not only fired up the BBQ but also played a crucial role in setting up the event. Their unwavering dedication ensured that the event ran smoothly, and it was evident in the record-breaking numbers achieved:

632 Trucks made their way through the CVS Centre. Over 200 drivers took the opportunity to pause, enjoy a chat, grab a bite to eat, and savor a cup of coffee. 125 Coffees were served, providing a warm and comforting break. Over 50 St. John health checks were completed, contributing to the well-being of those on the road.

Our team distributed a substantial number of sausages, patties, and bacon, ensuring that everyone left with full stomachs and smiles on their faces. These remarkable numbers set a new record for the Truckie Rest Zone event, showcasing the positive impact that collaboration and community support can achieve.

Whats happening @ McFall Fuel

Certificate of Excellence

At McFall Fuel, safety is our top priority. This year, Road Safe Taranaki acknowledged our unwavering commitment to road safety after an in-depth interview.

They were impressed with our extensive safety measures for our staff and road users. In recognition of our efforts, we proudly display the Certificate received from Road Safe Taranaki in our Bell Block Office.

This certificate symbolizes the trust placed in our dedication to making roads safer for everyone. We're grateful for this recognition and will continue to prioritise road safety in all our operations.

McFall Step-Up Programme

Todd Wilson joined us in January 2023 as a Class 2 driver, ready to take on new challenges. Fast forward to today, and Todd has not only obtained his Class 4 license but is also working diligently towards his Class 5. An endeavour full of dedication and ambition.

What makes Todd's journey even more inspiring is his age. At just 20 years old, his achievements over the past 9 months are nothing short of remarkable. It's a testament to Todd's dedication and the support he's received within the McFall Fuel family.

Robert Newstead, an integral part of our team, has mentored Todd through our Step-Up Programme. Robert's dedication and hard work have played a vital role in Todd's success. We are very proud and it is always exciting to see young drivers achieve success through the McFall Fuel Step-Up programme.
