

CHRISTMAS DINNER FOR RONALD MCDONALD

The Christmas season will see more than 300 families staying at Ronald McDonald House in Auckland. Some of the McFall Fuel staff are donating gifts for the Giving Tree while others are looking forward to the fun and excitement of preparing a Christmas style dinner for the families this month. "We really enjoy our three trips each year to meet the families and cook for them," said Andy Fullerton. "It is an extremely rewarding experience and it has been great to see so many staff willing to contribute." The team have drawn together a menu which will see hot ham and pineapple with trimmings and freshly picked strawberries and icecream with Christmas cup cakes for dessert.

MCFALL LOYAL

NEW BENEFITS TO BE ANNOUNCED IN THE NEW YEAR

McFall Loyal is our very successful rewards programme which has been largely based around customers using their points to purchase Fuchs Lubricants. "We have decided that the time has come to expand what we offer customers for their loyalty and so we are at present drawing together the final arrangements for the increased benefits to be announced in the New Year," said Allan McFall.

McFall Loyal is currently offered to customers based on their bulk fuel purchases and sees the ability to not only accumulate points but also redeem them within a two year period. For many customers this has been a positive way to support the lubricant needs of their business. Keep in touch with your sales representative and get the detail for the new scheme in 2016.

OUR WINNING BARISTA

Jeff Sullivan, pictured second from the right works for McFall Fuel out of the BP Head Office in Newmarket and it is here that his coffee making skills have become legendary. This talent has now

been recognized with his second place in the Wild Bean Café Barista Awards.

"Given that the judges had already travelled the country to find the best Wild Bean Cafe baristas a high bar was certainly set. And boy did our competitors deliver! The judges were extremely impressed by the quality of coffee made and the knowledge of the participants," said BP NZ CEO Matt Elliott.

Jeff has been with McFall Fuel for 16 years, spending a significant period of time as a fuel delivery scheduler for the fleet. Currently he is involved in ensuring that the tanks the McFall Fuel Team deliver to are compliant and supporting the planning team.
